RE: Jenkins v. Access Securepak Co., case no.
4:19-cv-10738; Disclosures of Court Records

Dear Law Clerk;

I'm making efforts to subpoena a few Defendants to court to testify and to obtain production of documents as well. Please provide 6 subpoena forms for testifying in court and 6 subpoena forms for production of documents and 3 AO 93 Search and Seizure Warrant Forms.

I also must report funds involving my former pauper's status and request copies of court files from another case and ask that you access and provide these documents. What is required is the copy of the complaint, with exhibits, the Defendants response and the Defendants' addresses.

The United States Attorney's Office for the Eastern District of Michigan has a computerized docketing/case management system known as caseView and PACER. This computerized system of records tracks cases or matters for the entire USAO.

The information entered into the caseview and PACER computer system is a series of individual records link together, or related, in a logical order. These records may include, but are not limited to, the names of the parties, the names of related cases, what the case is about, which Assistant United States Attorney is handling the case, the court assigned to the case, and the stage of each case.

pursuant to 28 U.S.C. 631 the U.S. magistrate Judge duty is to issue subpoenas orders necessary to obtain the presence of parties or witnesses or evidence. I request to address these matters to the U.S. magistrate handling the above case to arrange a hearing and subpoena witnesses to the hearing before the U.S. magistrate,

please be sure to provide the name and the filing instructions of the U.S. magistrate assigned to this case of Jenkins v. Access Securepak Co.. Thank you for your services.

sincerely,
Van Jenkins
